

Need to make-up a class?

Need more credits?

Want to get ahead?

Our Online Intensive Classes Are Your Answer!

In just five short weeks you can learn, achieve and get-ahead with one of our totally online courses. The five week-intensives are fast-paced courses in which you will work both independently and in collaboration with your fellow students and instructor on a regular basis.

Here's more information to get you started. If you would like to learn more, contact us at 1-888-566-8764 or email <mailto:ask.granite@granite.edu>.

What is involved in taking an "intensive" course?

- ❖ The five week online intensives are fast-paced courses in which you will be working both independently and in collaboration with your fellow students and instructor on a regular basis. Here are a few "tips for success" for taking a 5-week intensive course:
- ❖ Dedicate approximately 20 hours per week to take this course. This time will include reading, completing assignments, and participating in group activities and discussion.
- ❖ Participate fully in the course. Your ideas and comments, shared with faculty and classmates, are important and valued.
- ❖ Manage your time wisely in order to complete your assignments on or before deadlines.
- ❖ Seek assistance immediately if you are experiencing any difficulties. Your instructor or advisor can be a great asset to problem solving. Our Technical Assistance Center is available to you for any technical concerns.
- ❖ Log in daily to check for updates, read messages, post to the discussion board, and work on assignments.
